All students must adhere to the rules while travelling on the bus. Your son's/daughter's behavior on the bus has been unsatisfactory on one or more occasions. The School Board requests that you bring your child to the office of the Principal of the school he/she attends for a meeting. The matter of discipline will be discussed at that time. Please phone the school for an appointment. The student is still expected to attend school, although "bus transportation will not be provided" until this matter is resolved.
